<p align="center">Clark Bishop Commissioner</p>	<p>SUBJECT</p> <p>REFERENCE</p>	<p>Modification of Bulletin 08-03 Cost of Living Adjustment AS 23.30.175</p>	

This bulletin is issued in modification of Bulletin 08-03, issued March 18, 2008, to include cost of living adjustments (COLA) for Milton Freewater, Oregon; Greenville, South Carolina; Clarksville, Tennessee; Cumberland Furnace, Tennessee, Lakeway, Texas, and Fairfax, Virginia.

Under AS 23.30.175(c), a cost of living adjustment (COLA) survey must be conducted once every three years. The attached 2008 COLA list will be in effect from January 1, 2008 to December 31, 2010.

Surveys have been obtained for Alaska and for each location listed on the COLA ratio list. Copies of individual survey summaries are available by contacting the division at the address listed below.

If a recipient does not reside in a location listed on the attached COLA ratio list, you must use the cost-of-living ratio for the location nearest the recipient's residence. If the recipient lives in a location equidistant from two published locations, the ratio that results in the higher compensation rate must be used. The Division may request a COLA survey for an unlisted location upon written request explaining why the ratio for the nearest location is believed to be insufficient.

The Division contracts with Runzheimer International to perform COLA surveys. All requests for COLA ratios in unlisted areas must be forwarded to:

Division of Workers' Compensation
Attn: Administrative Manager
PO Box 115512
Juneau, AK 99811-5512

Effective November 7, 2005, a COLA "may not result in raising a recipient's weekly compensation rate to an amount that exceeds the weekly compensation rate that the recipient would have received if the recipient had been residing in [Alaska]". If an employer or recipient wishes to dispute a COLA rate, the party may petition the Alaska Workers' Compensation Board for a hearing, in accordance with AS 23.30.110 and 8 AAC 45.138(g).
