Online Resources for Alaska's Web Access Community\*

Welcome to the first edition of the Web Access News, providing links for people in the web access community. The following tools improve the user experience with accessible content and applications. We welcome your feedback, whether [you're a member](#) or want to [become one](#).

## Adobe AcrobatUsers.com Community

<http://www.acrobatusers.com/taxonomy/term/tutorial/2/0/tutorial>

Learn how to create accessible pdfs with tutorials, videos and articles from Adobe.

## Automatic Sync Technologies

[www.automaticsync.com](http://www.automaticsync.com)

Submit content for captioning over the web and AST will return caption results electronically.

## Accessibility at Google

[www.google.com/accessibility](http://www.google.com/accessibility)

Follow the latest accessibility updates from blogs, help center, and discussion groups.

## Premier Literacy's Internet Toolbar

[Reading MadeEZ.com/home](http://ReadingMadeEZ.com/home)

Among other features, this [Toolbar](#) converts online text to MP3s.

## W3C Web Accessibility Initiative

<http://www.w3.org/WAI/intro/wcag.php>

[Web Content Accessibility Guidelines 2.0](#) is standard for training and review of websites and applications. WCAG 2.0 now has a [customizable quick reference](#), and "[how to](#)" update from 1.0.

## TARGET Discovery Series

<http://www.da.usda.gov/oo/target/>

USDA's online training resource for federal web compliance (Section 508), assistive technology, and ergonomics.

## WebAim

<http://www.webaim.org/>

"Expand the web's potential for people with disabilities" with research, tools, and training.

**\*Disclaimer:** *The Web Access Monthly in no way endorses commercial use of the linked resources. This information is informal guidance and not binding on the State of Alaska.*

Equal opportunity employer/program.

Auxiliary aids and services are available upon request to individuals with disabilities.
