RE: CHASE Blue Approval

Dear Mr. Jerad Hacker

I am pleased to approve H5 Construction in Wasilla, Alaska to the Alaska Occupational Safety and Health (AKOSH) Construction Health and Safety Excellence (CHASE) Program.

H5 Construction has been working with the AKOSH Consultation and Training section to improve occupational safety and health conditions. AKOSH consultants conducted a comprehensive safety and health evaluation on March 31, 2020 and verified the site meets the CHASE Blue eligibility criteria. On May 18, 2020 the site was accepted into the Alaska CHASE for five years.

From the beginning, you have exhibited commitment and hard work toward this goal and freely implemented recommendations to enhance your program. Thank you for the positive attitude related to safety and health exhibited by you and your employees.

Participation in CHASE does not, of course, diminish any of the rights and responsibilities provided to you and your employees by the Occupational Safety and Health Act of 1970. Although your company will be placed on a lower priority general scheduled inspection list for enforcement from the date of this letter, employee complaints, fatalities or catastrophes, and significant chemical leaks or spills at your site will still result in normal AKOSH enforcement activities.

Again, congratulations for your hard work and dedication to the principles embodied in CHASE. I wish you and your employees continued success in your safety and health efforts.

Sincerely,

A handwritten signature in black ink, appearing to read "Tamika L. Ledbetter".

Dr. Tamika L. Ledbetter
Commissioner
