2024 FOM Penalties Supplement

Executive Summary

This document is a supplement to chapter 6 of the AKOSH Field Operations Manual, PD 21-02. The purpose of this document is to aid AKOSH personnel in proposing initial penalties for violations of Alaska’s occupational safety and health standards.

How to Use This Supplement

Chapter 6 of the AKOSH Field Operations Manual provides the policies for proposing penalties for violations. It contains references to the tables contained within this supplement. To use this manual, first identify the appropriate part of the supplement based on the violation date of a citation. The “penalties decision chart” is a helpful tool to identify the correct part. Turn to that part, and use the appropriate table as referenced in the Field Operations Manual.

Appendix A

Purpose:

This appendix provides instructions for updating the AKOSH Penalties Supplement when maximum penalty adjustments occur.

Background:

Following the *Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015*, federal OSHA began adjusting its maximum¹ penalties according to the Consumer Price Index for All Urban Consumers (CPI-U). Alaska was required to follow suit, and Alaska's initial penalty adjustment went into effect on October 20, 2018.

No later than January 15th each year, the United States Department of Labor will publish a notice in the Federal Register with OSHA's new maximum penalties for that year. Alaska follows suit by publishing the pamphlet, "*Alaska Occupational Safety and Health Civil Penalties*" which goes into effect on February 1st. The new amounts apply to penalties assessed on or after February 1st. Alaska's maximum penalties must be the same as those for federal OSHA.

Penalty Adjustments:

The FOM Penalties Supplement must be updated yearly by February 1st. AKOSH will also need to update OIS to fully implement the new penalties.

Steps for updating the FOM Penalties Supplement:

1. **For the February 1st, 2024 Penalties Supplement only:** Identify the year's CPI multiplier in the Federal Register notice. Multiply all penalties in the supplement by that amount, rounding to the nearest dollar.
2. Check the results against federal OSHA's updated OIS penalties. If a rounding discrepancy exists (\$1), use the federal penalty amount.
3. Re-name the supplement for the year when it becomes effective. Publish with an effective date of February 1st.

¹ Where the term maximum is used, it also refers to the minimum penalty for willful violations.
